R. I. Baker, principal of the school, stated that he hopes to have all the pupils from the old school moved over to the new school by the first part of February, when the school should be completed.

At the present there are 11 class rooms of the 18 now being occupied. There are three grade 1 classes this year, two Grade III's and two Grade IV's. The Grade III classes will remain in the old building.

The official opening of the new school is being planned for next month.

Mr. Rieman started growing lemons 17 years ago when he secured a six-inch plant. The plant is now two feet high and for the past four years the tree has produced a crop of two lemons each year. This year the fruit is of mammoth proportions, one being 15 by 13 inches and the other 13 by 12 inches.
